"This careful and comprehensive analysis of Canada's economic policies and political interference in Latin America demonstrates in brutal detail the predatory and destructive role of a secondary imperialist power operating within the overarching system of subordination of the Global South to the demands of northern wealth and power."

— **Noam Chomsky**

"Gordon and Webber expertly show Canada's role in supporting the rise of new, brutal forms of accumulation."

— **Jacobin**

"A vital new resource on a subject Canadians cannot ignore."

— **Dawn Paley**
